

## **REMARKS**

It will be appreciated that this is a Divisional Application directed to the Group IV claims which relate to the species shown in Figure 4 of the instant Application as well as in the prior parent Application.

It is contemplated that a Substitute Specification and new claims will be submitted by way of a Supplemental Preliminary Amendment which will be in language and formats more customary for U.S. patent applications. In addition, formal drawings will be submitted which are the same as the drawings published in Patent No. 6,651,584, issuing November 25, 2003, from parent Application Serial No. 09/828,911, filed April 10, 2001.

Respectfully submitted,

MASON, MASON & ALBRIGHT
